CHEETAH® Numbers Song 79

Let's review 82

CHEETAH™ Toys & More, LLC Copyright 2022

Dear CHEETAH® family:

Welcome to our CHEETAH® Early Childhood Math Activity Workbook. To build any new-found skill, we need to practise. The same is true for children.

Right now, your child is learning to identify quantities and write the symbols that these quantities represent. This book will help.

This book is a supplement to the CHEETAH® Early Childhood Math Textbooks, which are aligned to the Jamaica Early Childhood Curriculum Guide. We recommend that you use both CHEETAH® books for better results.

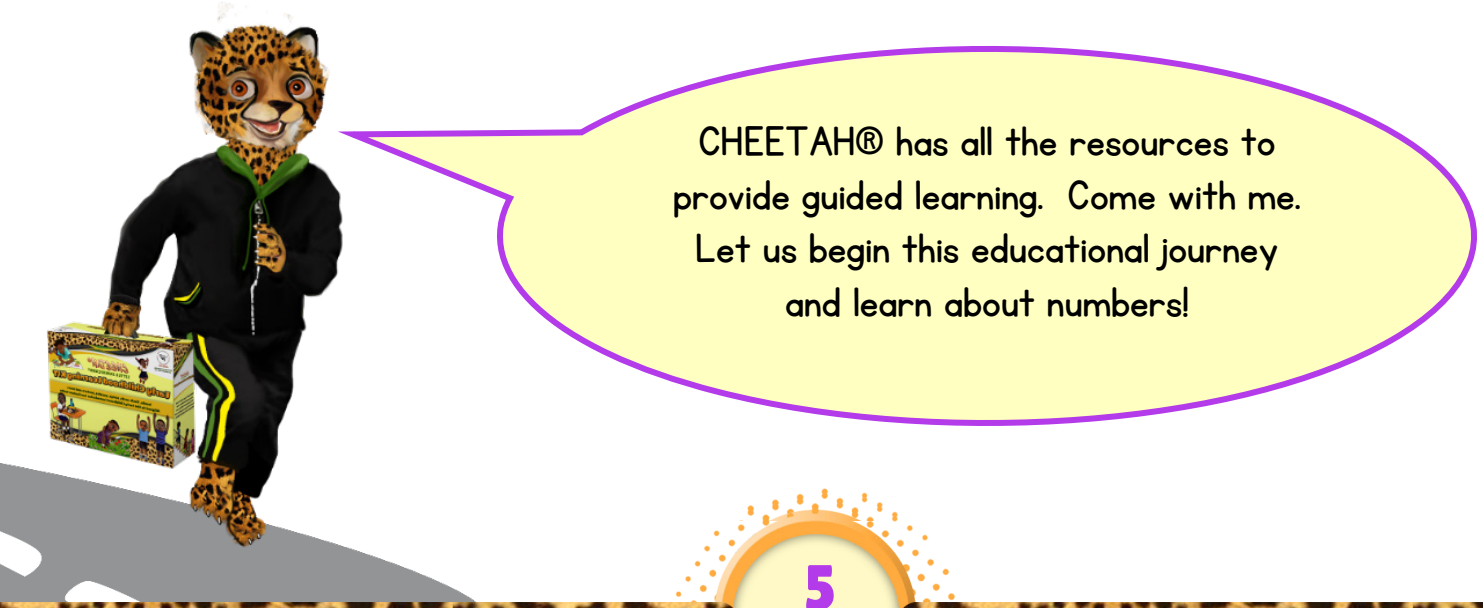
We will help your child to identify and write the symbols for numbers from 1 through 10. Also, we want children to gain confidence in identifying quantities, so we have included a mini assessment after each section.

The main skills that your child will master while working with this book are:

- ✓ writing number symbols
- ✓ writing number names
- ✓ counting
- ✓ tracing.

Also, the lyrics to our catchy numbers' song are sprinkled throughout this book. This song is available online, including on our website. Get it today!

Remember, CHEETAH® makes learning fun!



Hi! I am Barky Bark. I am a Jamaican math detective. Come with me. I will teach you, the CHEETAH® way. We will sing while we learn.
